Homework #11: Multiple Choice Question for Midterm 2

Devise and write one multiple choice question with five alternative answers one of which is correct for our upcoming first mid-term. Your question should be original and can pertain to anything we have covered in class or in a homework. For those students that have already done their commodity presentations you can devise a question around material you presented during your presentation. Please note good multiple choice questions make the four incorrect answers plausible but incorrect. Highlight the correct answer to your question.

Submit your question electronically by e-mail in an attached **Word file** by 5pm on Friday April 13th to "nick_piggott@ncsu.edu". In the subject line of the e-mail please put "ARE 415 Hwk#11" and on the first line of the Word file please put your name.
